Subject: Fw: Comments on the Chef Menteur MBI modification

FYI -- Nick asked me to call him. I'll do that and let you know how it goes. I of course will emphasize that I in no way speak for the Corps or other IRT agencies.

John:
Hope this finds you well, and good to see you in New Orleans a few weeks back.

Stephen forwarded your two comments on the MBI revision for Chef, and I wonder if you might have some time today or tomorrow for a phone call so we can talk through our thinking on the two issues/questions you raised? I know you are looking for some feedback before you continue your review, so this would be the quickest and most productive way to get you what you need, and be sure we are thinking about all this properly.

I am open this afternoon, and tomorrow until about 1:30 eastern time. Friday is also available if neither of those work.
Many thanks,
Nick
